Statement by the Minister for Home Affairs and Agriculture in regard to the Levy Committee Report.

Sri H. SIDDAVEERAPPA (Minister for Home Affairs and Agriculture).—With your kind permission, I would like to make a brief statement with regard to the question raised by the Leader of the Opposition yesterday during the course of the food debate. The Leader of the Opposition said that unless a copy of the Committee's report is made available, it may not be possible, or found possible, for his party

(SRI H. SIDDAVEERAPPA)
to participate in the discussion. As I made it clear yesterday, it was not the intention on the part of the Government to keep back the report from the purview of any section of this House. The only thing that was puzzling me was, since it is an interim report, whether it is right on my part to give it. Now I do not want to enter into a further discussion on the matter. In order to facilitate and smoothen the issue, I have now placed a copy of that report in the hands of the Hon'ble Members and I hope that will satisfy the Members of the Opposition. I am very earnest and eager that, in a matter of such importance, of such vital importance to the State, every section of the House may contribute their valuable suggestions so that Government may formulate a policy.

Before I close, I would like to make one point very clear. So far as that report is concerned, it was a report that was called on the administrative side and the Government have not taken any action on that report. They have not taken it into consideration. (*A Voice*: It is proceedings.) It will be, I think, proceedings, and the circumstances under which, the time under which that report was considered, were totally different. Then distress conditions were not acute. Therefore, I would like to make the position quite clear once again that what is contained there has not been taken into consideration by the Government.

With these few words, I request the Hon'ble Members of the Opposition to participate in the discussion and you will be pleased to give some time for discussion and continuation of the food debate.

Sri J. MOHAMED IMAM (Jagalur).—It was never our intention to obstruct the discussion that commenced yesterday regarding the food situation. In fact, we made it clear to the Home Minister that it would help us a great deal if the report was made available to us. I know the value of the report. Any report drafted by a Committee is not at all binding on the Government, unless that report is considered by the Government and unless it is adopted. Though this report was drafted by a Special Committee presided over by the Home Minister, I know all the while that it is not binding on the Government and that it does not commit the Government in any way. Why I wanted it is, for our own guidance and to enlighten us as to the future policy to be adopted regarding procurement, we thought that the recommendations of the Committee might help us. Now since the report has been made available to us, certainly we will do our best to co-operate with the Government and if another day is fixed for discussion, we will offer our views regarding the future policy to be adopted regarding this most important matter.

Sri L. SIDDAPPA (Channagiri).—Is that a report or proceedings ?

Sri H. SIDDAVEERAPPA.—It is the report. I have nothing more, nothing less, to say. I have placed everything.

Mr. SPEAKER.—I request the Leader of the House to state whether we can have this debate on food situation, etc., to-morrow.

Sri K. HANUMANTHAIYA (Leader of the House)—Yes, I have no objection.

Mr. SPEAKER.—I would like to suggest on this occasion, particularly to the Hon'ble Minister concerned, that it would be very proper to place a specific motion before the House and a debate may take place on it as per the Rules of Procedure and Conduct of Business.

Sri H. SIDDAVEERAPPA. —Shall I place the motion to-morrow ?

Mr. SPEAKER.—Yes, to-morrow.

Sri H. SIDDAVEERAPPA.—I will abide by your decision.

Mr. SPEAKER.—Now, Voting of Demands for Supplementary Grants for the year 1952-53.

Sri J. MOHAMED IMAM (Jagalur).—I have sent a request regarding a question under Rule 39 and it may be admitted after five o'clock.

Mr. SPEAKER.—We will announce it to-morrow. On Friday we will have it.
